

### Amendments to the Specification

Please replace the paragraph beginning at page 2, line 16, to page 2, line 23, with the following paragraph:

--The two main components can be combined and mixed together at ambient temperature, with a percentage of silica comprised preferably from ~~0.1%~~ 0.1% to 3% weight with respect to the weight of the resulting composition and a percentage of water of ~~99.9%~~ 99.9% to 97% weight with respect to the weight of the resulting composition, where water can be also added at smaller percentages when one or more excipients are added to this composition.--

Please replace the Abstract of the Disclosure originally filed with the Abstract of the Disclosure submitted herewith as a replacement page 7 of the Specification.
